Additional fees include a \$2.50 fee on all trips to or from Baltimore Washington International Thurgood Marshall Airport and local fees charged pursuant to Md. Ann. Code, Pub. Utils. § 10-406. Rates may increase or decrease in real time, including for the purpose of balancing supply and demand, for uberX, uberXL, uberPOOL, uberComfort, uberHourly, and uberGreen. Minimum rates are listed as \$0 to reflect that we may offer promotional pricing resulting in fares that are less than the default rates; however, standard minimum rates may apply and are specified on the websites linked above. The prospective passenger will be advised of the applicable fare being charged, or will have the option to request an estimated fare, prior to accepting the trip.

If a trip is cancelled after it has been accepted by a TNO, the rider may incur a cancellation fee. Riders will be notified of the fee, including the amount of the fee, before the trip is cancelled. A long pickup fee may be charged when the TNO's estimated time to pickup exceeds eight (8) minutes. The fee will be based on the time and distance rates outlined above. A fee may be charged for a TNO's wait time after the TNO arrives at the rider's pickup location. Tolls incurred by a TNO during a trip may be charged to the rider.

Riders are responsible for the cost of repair for damage to, or necessary cleaning of, TNO vehicles and property in excess of normal wear and tear damages. Such repair and cleaning fees up to \$350 may be applied as necessary, with advance notice to the rider; however, in the event of extensive damage, Rasier reserves the right to facilitate payment by the rider for up to the full cost of repair and cleaning.

Additional fees of up to \$2 may be charged for multiple pickups on trips arranged through the uberPOOL product or other shared ride trips. Additional fees of up to \$10 may be charged to transport pets (though riders with service animals may take a trip without any additional charge for the animal).
